## S.O.S: HALLOWEEN KIDS PARTY

Halloween is coming, and it is often difficult for mothers divided between home and work to organize a perfect party for their children in a short time. It is enough to choose the right dress with matching accessories, and to know simple tricks, for a in-house party monstrously "chic"!

The designer Stella McCartney each year presents simple pajamas and rompers designed especially for Halloween children. Ghosts and monsters, printed on cotton black garments by Stella McCartney Kids, glow in the dark: a simple effect for the most stylish of "Trick or Treat"!
